

Title

A. Author01¹, B. Author02² and C. Author03³

¹ Department, University/Company, City, Country

² Department, University/Company, City, Country

³ Department, University/Company, City, Country

Key words: Fundamentals, Simulation

Abstract:

The purpose of this abstract is to select paper that will be presented at IUTAM Symposium on Laminar-Turbulent Transition 2024, Nagano, Japan. The accepted abstracts will be distributed to participants prior to the symposium. In order to have a standardized layout, all authors are requested to use the given \LaTeX file. Please underline the name of presenting author. The text should be written in English and must not exceed one page. A second page is only allowed for figures and references.

Please submit the PDF file of your abstract via the symposium website
<https://iutam2024transition.shinshu-u.ac.jp/>

The deadline for abstract submission is February 29, 2024.

Full paper submission (after the symposium):

The full-length papers of the contributing participants will be submitted for publication in the IUTAM book series by Springer Nature after the symposium.

Example of citation and equations:

Links in the text are "Eq. (1)" for equation (1), and "Fig. 1" for figure. This is a link to `reference1` [1].

$$\begin{aligned} a &= b + c \\ d &= e + f \end{aligned} \tag{1}$$

Text between equations

$$x = y + z \tag{2}$$
